### NOT YET SOLD.

Harriman Interests Have Not Bought E. & O. Control, Says the Kuhn, Loeb Co.

New York, Sept. 19.—A representative of the firm of Kuhn, Loeb & Co. said yesterday that the report that they had sold to the Union Pacific Railroad Company the stock of the Baltimore & Ohio Railroad Company which that firm purchased from the Pennsylvania Railroad Company was premature. Negotiations for the sale are under way but not completed, Kuhn, Loeb & Co. announce.

This announcement is the first official statement in confirmation of a rumor current in Wall street for some time to the effect that E. H. Harriman was seeking a large interest in Baltimore & Ohio. With their large holdings in Chicago & Alton and the control of Union Pacific and Southern Pacific, the acquisition of Baltimore & Ohio would give the Harriman interests control of a railroad line from the Atlantic to the Pacific. Mr. Harriman and his associates also would have a voice in the affairs of the Reading, a large block of that company's stock being held in the Baltimore & Ohio treasury.

Wall street is interested in the method to be adopted by the Union Pacific Railroad Company to provide funds for the purchase of the Baltimore & Ohio road. It is estimated that complete control of the road will cost about \$120,000,000.

## LOOKS LIKE CHICAGO

American League Leadership Now Belongs to White Sox

### WHO WON FROM ATHLETICS

New York Highlanders Fell Down Before St. Louis and Cleveland Stepped Into Third Position—Boston Nationals Defeated Chicago.

It begins to look again like a post-season series between the two Chicago teams. There is no doubt in the National league and the result of yesterday's games in the American puts the Chicago White Sox two games to the good over the New York Highlanders. Chicago found it easy picking with the Philadelphia Athletics, who dropped thereby from third to fourth place, letting Cleveland slip in ahead. New York was also easy for St. Louis, so that a difference of 15 points lies between Chicago and New York. The Indians are six games behind the Highlanders and will have to play phenomenal ball to get within range of first place. The Boston Americans twisted the Tiger's fall again yesterday, while their tormentors walked away with the victorious Cubs of the National league.

In the other games of the latter league, New York won from Pittsburgh, Brooklyn and Cincinnati split up the honors of a double-header and Philadelphia defeated St. Louis.

### "NEVER SAW BLOW"

Says Billy Nolan, Manager for Battling Nelson.

Chicago, Sept. 19.—Unless Billy Nolan, Battling Nelson's manager, changes his mind, and there is little possibility of his doing that, even more sensational charges than are already preferred against George Siler, the referee, who acted in the Gans-Nelson fight, will be heard.

Nolan stated that he has scandalous information which, when given out, will make the veteran referee howl in shame and will surprise the entire pugilistic world. Nolan will not say just what information he possesses, but it is believed that besides stories of the last battle, he holds some interesting news about the McGovern-Gans fight, which Siler refereed.

Nolan still insists that he was robbed by Siler, and to prove to the world that his assertion is true and that he is not one of those losers who hinders because his man lost, he has issued a challenge to Siler to meet him before a body of five able judges and debate the matter of the recent Goldfield fight.

"If I cannot make Siler look like a duncie spot and prove beyond a shadow of a doubt that he deliberately robbed Nelson of victory, I will quit the game forever and hide myself away where I will never again be seen in public."

"To ask me to leave that would be to ask me to cut off my head, but so positive am I that I can win in a debate with Siler on the honesty of this fight that I am willing to hold to the foregoing offer," said Nolan.

"Siler stood directly in back of Gans when the knockout or what he called foul blow was landed. He never saw it. Gans doubled up. A cry from Gans' corner of 'fall down' rang through the ring and Joe fell to the floor apparently in great pain."

"Siler by this time had turned around and asked Gans: 'Are you hurt?' Fully fifty seconds elapsed before the referee gave his decision. I knew he did not see the blow and demanded that a doctor examine Gans, something which is my privilege as Nelson's manager. Siler brushed me aside."

"All through the battle I felt certain that there was a plot on foot to beat us. I guarded myself against every possible thing save Siler, for I had the utmost confidence in him, but he handed it to me."

Washington, D. C., Sept. 19.—Pay Director Rogers of the navy, who has recently been designated succeed Paymaster General Harris, and who has been ordered to Washington to familiarize himself with his new duties, is said to be one of the very few officers eligible to appointment as chief of the bureau who did not have an application on file asking for the place, or whose friends had not interested themselves in his behalf.

President Roosevelt in looking over the list of eligibles was impressed with the fact that Rogers had not applied for the place, and at once came a letter to be written to him asking him if he would accept the place. The letter was the first intimation that Mr. Rogers had that he was being considered.

## LABOR CONTINUES BATTLE

Gompers Talks of Political Possibilities

### OUTLINES HIGH PURPOSES

Explains His Bold Attack Upon Littlefield—Laboring People, as "Man With the Hoe," Have Disappeared.

Washington, Sept. 19.—That battle in the second Maine district, though closed at this time, is not at an end. The contest was merely incidental to the task which labor has set itself to accomplish, said President Samuel Gompers of the American Federation of Labor Monday night at Typographical Temple, where a reception was given in honor of the labor leaders who fought against Representative Littlefield's reelection in Maine.

"Not only Mr. Littlefield, but 'Uncle Joe' Jared to reiterate that we stand for the licensing of criminal and unlawful conduct. We ask for equal rights before the law, as any other citizens. I have it not in mind to say a word in criticism of the President, other than this—the right of petition is his right, and the American citizen guaranteed by the constitution, and neither the President nor Congress can take that right away. Labor is the only power in human society that represents the masses."

"Why did we begin the fight in Littlefield's district? Because the election was held there two months earlier than in the other states. If we had passed over this district they would have said we were afraid. We were not afraid. The laboring people have outgrown the stooped back and hunched forehead of the 'man with the hoe.' They now stand erect."

"They are waging a fight against child labor and against the whole plague. By securing better hours and higher wages, they will find homes into which their colonies cannot enter."

### TO BAR BRYAN.

Wish of Congress Candidates in Ohio Who Think Party Would Lose.

Columbus, O., Sept. 19.—Ohio Democrats are hopelessly split over the question of permitting W. J. Bryan to speak in the state this year. At a meeting of the Democratic state committee the matter was discussed at length, but no conclusion was reached.

The opposition to Mr. Bryan comes from the Democratic nominees for Congress and from S. A. Hopkins, head of the state ticket. Over a week ago State Chairman Garber sent out letters to the congressional nominees asking them to meet him here on the 12th. At that meeting the congressional candidates all agreed that the fight should be made on state issues, and that it would be hurtful to the cause of the party for either Mr. Bryan or Gov. Folk to appear in the state. W. L. Finley, state oil inspector and secretary of the state committee, differed with Garber, and Garber and Finley were appointed a committee to visit Mr. Bryan in Cincinnati and tell him of the wish of the congressional candidates that he stay out of the state. Finley, however, did not go and Garber made the trip.

The whole matter came up for consideration in the committee Monday. The Bryan men insisted that for the party, after having endorsed Bryan for President in the state convention, now to bar him from appearing in the state would be tantamount to repudiating the action of the convention. Garber replied that Bryan's trip through Ohio would cost the committee \$1,000 a day, and said that it was not worth this to the ticket.

## TOWN BOYS SHOOT THEIR RIVALS IN SHAM BATTLE

Jealous of Militiamen in Winning Girls, They Use Bullets, Not Blank Cartridges.

Omaha, Neb., Sept. 19.—In a sham battle at Grundy Centre, Ia., last Thursday, 14 soldiers from Vinton and Cedar Rapids were shot by young men of Grundy Centre who were jealous of the attentions to the soldiers by their sweethearts.

The visiting militiamen had been in Grundy Centre during the fair and had captured the hearts of the local girls to the exclusion of the home boys. The morning of the battle it was found there were not enough militiamen, and a number of home boys offered to enter the fight, furnishing their own guns and ammunition.

After the fight had proceeded for a few minutes Capt. Whipple of company 42 fell. Blood on his face showed he had been wounded. Before the hospital corps could carry him from the field Lieut. Saunders went down. Corp. Clark critically followed, and then privates on all portions of the field began dropping. The combatant ordered firing to cease, but the Grundy Centre contingent kept popping away until forced to retreat. When the firing ceased it was found that 14 of the militiamen had been wounded, although only three were badly hurt.

### CRUEL EXECUTIONS IN COREA.

"The Scene Was So Terrible It Could Hardly Be Described."

Victoria, B. C., Sept. 19.—Several of the Japanese papers public protests from Korean correspondents against the barbarous public executions of Koreans by the Japanese administration.

The Yaku Mainichi publishes details with photographs of executions of 46 natives, among them a woman accused of being a bandit. The paper's correspondent writes:

"The scene was so terrible that it could hardly be described. The families and relatives of the condemned were present, and they embraced the hanging dead and cried aloud while clinging to their bodies."

The Mainichi warns Marquis Hio that barbarous public executions should be stopped.

### ARE STRANDED IN HONOLULU.

Many Travelers Halted Owing to Accidents to Three Steamships.

Honolulu, Sept. 19.—As a result of the stranding of the Pacific mail liners Manchuria and Mongolia, and the transport Sheridan, all within less than a month, there is much congestion of passengers here, and the long interferences of mails is causing great inconvenience.

Many people who were traveling on imperial business are stranded here. Some of them intended sailing on the Mongolia, others on the Buford. The latter was scheduled to sail for San Francisco Monday night, but at 2 o'clock that afternoon the order was received to proceed to Midway island, where the Mongolia is now aground. The Midway trip is most unwise to steamship officers, as the locality is notoriously dangerous because of the reefs and currents.

### MAY COMPEL MORGAN.

TO BUY A RAILROAD.

Eugene Zimmerman Said to Have Out-generalled the Great Financier.

Cincinnati, O., Sept. 19.—Not content with selling to J. Pierpont Morgan the Cincinnati, Hamilton & Dayton railroad and other lines comprising the Great Central system, in which he made a profit of more than \$1,000,000, Eugene Zimmerman, father-in-law of the duke of Manchester, it is asserted here, has practically made it incumbent on Mr. Morgan to buy the Detroit, Toledo & Ironville road also.

In railroad circles here, the matter is freely discussed. Zimmerman sold his Great Central system to Morgan, and the latter, failing to complete the sale of it to the Erie, was forced to throw the system into the hands of a receiver. Judson Harmon was appointed and is still acting.

Following this deal, Zimmerman and his associates acquired control of the Detroit Southern and some valuable coal lands in Kentucky. Morgan and his followers have, it is said, but recently become aware that Zimmerman is in a position to hamper the development of Morgan's coal traffic in Kentucky, as handled by the Chesapeake & Ohio and the Cincinnati, Hamilton & Dayton railroads.

Zimmerman worked quietly and now has a bridge started across the Ohio river at Ashland, Ky., across which the Detroit Southern will run to enter the Kentucky coal fields. Morgan, through his interests, has had practically a monopoly of this business for some time, but Zimmerman, it is believed here, will be in a position to dictate terms, owing to his better facilities for reaching the great lakes over the Detroit Southern.

Zimmerman spent the summer in Ireland. During his absence the work progressed rapidly, and now the Detroit Southern road, it is asserted, is almost ready to begin work with the Morgan roads for the coal business of eastern Kentucky.

## KILLED IN PRIZE RING

"I Have Fought My Last Fight,"

### STROTHCAMPS' FAREWELL

Dead Man Was Blacksmith—Matched Against Coachman—in Seventh Round the Latter Knocked His Opponent Down Three Times.

Harrison, N. Y., Sept. 19.—"Good bye, boys, I guess I'm done for. I guess I've fought my last fight," said Henry Strothcamp, a local blacksmith, about 2 o'clock yesterday morning, after he had been knocked down for the third time in the seventh round of a prize fight. He then fell back on a seat, apparently unconscious.

Strothcamp's seconds became alarmed, and after working over him for some time and failing to restore him to consciousness, Dr. Leon Peeler was summoned, but after looking at the man he pronounced him dead.

Philip Ryan, who fought with Strothcamp, had left the building and gone to Port Chester with a number of his friends. A messenger was sent to him with the information that Strothcamp was dead, and Ryan immediately came to Strothcamp's house here.

In this resolve he is seconded by his wife. The first gifts were made Monday night, when two valuable houses were given to two churches in Irving park—the First Baptist and the Reformed Presbyterian.

Mr. Norden, who is almost an octogenarian, celebrated the fifty-sixth anniversary of his marriage Monday.
